Subject: Grant of EC under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your application for Grant of EC under the provision of the EIA Notification 2006-regarding in respect of project Proposed Residential and Commercial project at S.no.- 35/2/A(P), 35/2/B(P) Village- Mann, Tal. -Mulshi, Dist.- Pune by Edenic Enterprises Private Limited submitted to Ministry vide proposal number SIA/MH/INFRA2/465142/2024 dated 29/03/2024.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C3803MH5498459N
(ii) File No.	SIA/MH/INFRA2/465142/2024
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	8(a) Building / Construction
(vii) Name of Project	Proposed Residential and Commercial project at S.no.- 35/2/A(P), 35/2/B(P) Village- Mann, Tal. - Mulshi, Dist.- Pune by Edenic Enterprises Private Limited
(viii) Name of Company/Organization	EDENIC ENTERPRISES PRIVATE LIMITED
(ix) Location of Project (District, State)	PUNE, MAHARASHTRA
(x) Issuing Authority	SEIAA
(xii) Applicability of General Conditions	no
(xiii) Applicability of Specific Conditions	no

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-1(Part A and B) were

submitted to the Ministry for an appraisal by the State Environment Impact Assessment Authority (SEIAA) Appraisal Committee (SEIAA) in the Ministry under the provision of EIA notification 2006 and its subsequent amendments.

4. The above-mentioned proposal has been considered by State Environment Impact Assessment Authority (SEIAA) Appraisal Committee of SEIAA in the meeting held on 06/08/2024. The minutes of the meeting and all the Application and documents submitted [(viz. Form-1 Part A, Part B, Part C EIA, EMP)] are available on PARIVESH portal which can be accessed by scanning the QR Code above.
5. The brief about configuration of plant/equipment, products and byproducts and salient features of the project along with environment settings, as submitted by the Project proponent in Form-1 (Part A, B and C)/EIA & EMP Reports/presented during SEIAA are annexed to this EC as Annexure (1).
6. The SEIAA, in its meeting held on 06/08/2024, based on information & clarifications provided by the project proponent and after detailed deliberations recommended the proposal for grant of EC under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of specific and general conditions as detailed in Annexure (2).
7. The SEIAA has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the State Environment Impact Assessment Authority (SEIAA) Appraisal Committee hereby decided to grant EC for instant proposal of M/s. Nachiket Yeole under the provisions of EIA Notification, 2006 and as amended thereof.
8. The Ministry reserves the right to stipulate additional conditions, if found necessary.
9. The EC to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. This issues with the approval of the Competent Authority.

Annexure 1

Specific EC Conditions for (Building / Construction)

1. Specific Conditions

S. No	EC Conditions
1.1	During discussion following points emerged: 3. PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water. 6. PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021. Decision: - After deliberation, Committee decided to recommend the proposal for Environmental Clearance to SEIAA, subject to compliance of above points.

Annexure 2

Details of Products & By-products

Name of the product /By-product	Product / By-product	Quantity	Unit	Mode of Transport / Transmission	Remarks (eg. CAS number)
NUMBER OF FLATS	NUMBER OF FLATS	348	Number of Flats-348 (Residential flats- 306 nos & MHADA -NA 42Nos))	NA	Proposed project is a Building Construction Project involving Residential & commercial Development. Manufacturing of any Products/By-Products is not involved
NUMBER OF Shops and offices	NUMBER OF Shops and offices	15	Number of Flats (shops-09 nos & Offices- 06 Nos)	NA	Proposed project is a Building Construction Project involving Residential & commercial Development. Manufacturing of any Products/By-Products is not involved

Village- Mann, Tal. -Mulshi,
Dist.- Pune.

Subject : Environmental Clearance for Proposed Residential and Commercial project at S.no.- 35/2/A(P), 35/2/B(P) Village- Mann, Tal. -Mulshi, Dist.- Pune by M/s.Edenic Enterprises Private Limited

Reference : Application no. SIA/MH/INFRA2/465142/2024

This has reference to your communication on the above-mentioned subject. The proposal was considered by the SEAC-3 in its 190th meeting under screening category 8 (a) B2 as per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 279th (Day-2) meeting of State Level Environment Impact Assessment Authority (SEIAA) held on 07th August, 2024.

2. Brief Information of the project submitted by you is as below:-

1.	Proposal Number	SIA/MH/INFRA2/465142/2024	
2.	Name of Project	Proposed Residential and Commercial project at S.no.- 35/2/A(P), 35/2/B(P) Village- Maan, Tal. -Mulshi, Dist.- Pune by M/s. Edenic Enterprises Private Limited	
3.	Project category	8(a) B2 Building and Construction project	
4.	Type of Institution	Private	
5.	Project Proponent	Name	Mr. Nachiket Yeole
		Regd. Office address	Office No.1101, The Ambiance Couert, Plot No. 2, Sector 19 D, Vashi Mumbai city, Maharashtra 400703
		Contact number	8888373737
		e-mail	enterprisesedenic@gmail.com
6.	Consultant	VK:e Environmental LLP, Pune	
7.	Applied for	Fresh category	
8.	Details of previous EC	NA, as it is new project	
9.	Location of the project	S.no.- 35/2/A(P), 35/2/B(P) Village- Mann, Tal. -Mulshi, Dist.- Pune	
10.	Latitude and Longitude	Latitude: 18°34'51.43" N, Longitude: 73°43'27.47" E	
11.	Total Plot Area (m2)	18,808.00	
12.	Deductions (m2)	3,578.00	
13.	Net Plot area (m2)	15,230.00	
14.	Proposed FSI area (m2)	25,891.00	

15.	Proposed Non-FSI area (m2)		32,139.76				
16.	Proposed TBUA (m2)		58,030.76				
17.	TBUA (m2) approved by Planning Authority till date		NA				
18.	Ground coverage (m2) & %		3046.00 & 20 %				
19.	Total Project Cost (Rs.)	155.55 Cr					
20.	CER as per MoEF& CC circular dated 01/05/2018	Activity	Location	Cost (Rs.)	Duration		

21.	Details of Building Configuration: <Please use following legends: Floor = F, Parking = Pk, Podium = Po, Stilt = St, Lower Ground = LG, Upper Ground = UG, Basement = B, Shops = Sh>				Reason for Modification / Change		
	Previous EC / Existing Building		Proposed Configuration				
	Building Name	Configuration	Height (m)	Building Name	Configuration	Height (m)	New project
	NA			Tower 1	2B+P+22 Floors	69.10	
				Tower 2	2B+P+22 Floors	69.10	
				Tower 3	2B+P+6 Floors	21.90	
				Commercial Building	2B+PB+G+1 Floors	9.20	
				MHADA	P+ 9 floors	29.00	
				Club House	G+1	7.85	
22.	Total number of tenements		Total tenements – 348 Nos (Residential flats – 306 nos, MHADA Flats – 42 nos) Offices- 06 Nos Shops – 09 Nos				
23.	Total number of Population		Total Population – 2,126 nos Residential – 1,740 nos Commercial – 386 nos				
24.	Water Budget	Dry Season (CMD)		Wet Season (CMD)			
		Fresh Water	168	Fresh Water	168		
		Recycled for landscape	15	Recycled for landscape	00		
		Flushing	86	Flushing	86		
		Swimming Pool	05	Swimming Pool	05		
		Total	274	Total	259		
		Wastewater generation	229	Wastewater generation	229		
25.	Water Storage Capacity for Firefighting / UGT	Firefighting Tank Details - UGWT – 400 KLD OHWT – 25 KLD					
26.	Source of water	Maan Grampanchyaat					
27.	Rainwater Harvesting (RWH)	Level of the Ground water table:		Post-Monsoon water depth- 3-to-4-meter BGL Pre-Monsoon water depth- 8-to-9-			

			meter BGL
		Size and no of RWH tank(s) and Quantity:	NA
		Quantity and size of recharge pits:	Total – 7 Nos 4 no. of Rainwater recharge pit for Surface runoff. Pit 2.0*2*1.90 meter bore well. 0.160- diameter and 60-meter depth 3 nos. for recharge pits for Roof top runoff. Dimension of recharge pit: Pit 2.0*1.5*2 meter bore well. 0.160- diameter and 60-meter depth
		Details of UGT tanks if any:	NA
28.	Sewage and Wastewater	Sewage generation in KLD	229 KLD
		STP technology:	MBBR
		Capacity of STP KLD:	Total capacity 240 KLD
	Solid Waste Management during Construction Phase	Type	Quantity (kg/d) Treatment / disposal
		Dry waste:	8 Will be handed over to Authorized vendor
		Wet waste:	12 Will be handed over to Authorized vendor
		Construction waste	The Construction waste generated during construction shall be segregated, reused on site and surplus shall be led to scrap dealers for recycling.
30.	Solid Waste Management during Operation Phase	Type	Quantity (kg/d) Treatment / disposal
		Dry waste:	406 Handed over to SWACH.
		Wet waste:	561 Wet waste will be treated in onsite organic waste converter machine (OWC).
		E-Waste	06 Handed over to authorized recyclers for further handling & disposal purpose.
		Sludge	22.56 Will be used as manure
31.	Green Belt Development	Total RG area (m2):	1523.00
		Existing trees on plot:	60
		Number of trees to be Retain	58
		Number of trees to be Cut	02
		Total No. of trees Required	190
32.	Power requirement:	Source of power supply:	MSEDCL
		During Construction Phase (Demand Load):	55 KW
		Construction Phase (DG Set)	1 x 82.5 kVA
		During Operation phase (Connected load):	3,938.23 KW
		During Operation phase (Demand load):	1,819.91 KW

		Transformer:	3 Nos of 630 KVA		
		DG set:	1 Nos Of 365 KVA, 1 Nos Of 400 KVA, 1 No Of 82.5 KVA		
		Fuel used:	HSD		
33.	Details of Energy saving	(Renewable energy will be provided 5% of the demand load)			
034	Environmental Management plan budget during Construction phase	Type	Details	One Time Cost Cost (Rs.)	Annual Cost (Rs.)
		Air Environment	Erosion control – dust suppression measures, barricading and topsoil preservation	---	86,400.00
			Barricading	1,76,960.00	---
			Cost of Topsoil Conservation, including removal of topsoil using Scraper/JCB and Storage in designated area	91,200.00	---
		Land	Establishment of Labour Colony and Labour Colony Toilets & Sanitation	7,75,000.00	---
		Health and Safety	Labour Colony Maintenance - Cleaning of Waste, Periodic disinfection by pest control measures & health checkup of labours	---	2,52,000.00
		Health facility	Labour Colony Water Supply, including Establishment of Water storage tank and maintenance of area around it	---	1,17,000.00
			Labour Safety, including provision of safety equipment & tools such as belts, helmets, dust masks, noise muffs etc, as per requirements of Safety Laws pertaining to Construction Sites	---	6,00,000.00
		Environment Management	Environment management cell	---	8,88,000.00
		Environment Management	Environmental Monitoring	---	7,36,800.00
35.	Environmental Management plan Budget during Operation phase	Component	Details	Capital (Rs.in Lacs)	O&M (Rs.in Lacs /Y)
		Sewage treatment	STP with MBBR Technology	74.42	16.49
		RWH	Recharge pits with bore well	5.25	0.70
		Solid Waste	OWC	16.75	4.27
		Green belt development	Development and Maintenance	59.62	2.98

		Environmental Monitoring	Environment Monitoring Plan	-	3.19
		Renewable Energy	Solar PV	60.77	3.63
		Disaster Management Plan	Lightening Arrester	16.00	-
36.	Traffic Management	Type	Required as per DCR	Actual Provided	Total parking Area(m2)
		4-Wheeler	178	219	12.5
		2-Wheeler	575	654	2.5
37.	Details of Court cases / litigations w.r.t. the project and project location if any.			No court cases against project/land as informed by Project proponent.	

3. Proposal is a new construction project. Proposal has been considered by SEIAA in its 279th (Day-2) meeting held on 07th August, 2024 and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. SEAC Conditions-

1. PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per prevailing Hon'ble Supreme Court Order. PP to submit remarks by planning authority or authorized institution such as M/s PRIMO pertaining to nalla located adjoining the plot.
2. PP to prepare and implement plan to make proposed project a plastic free zone.
3. PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water.
4. PP to obtain following NOCs and remarks where ever applicable: (a) Water supply; (b) Sewer connection; (c) SWD NOC; (d) CFO NOC; (e) SWM/C&D NOC; (f) Aviation NOC; (g) HRC NOC (h) Tree NOC, etc. The concern planning authority shall not issue occupation certificate unless PP obtained all necessary NOC's from the competent authority.
5. PP and the planning authority shall ensure that, the construction and demolition waste (C & D waste) is collected and treated at designated places as per Construction and Demolition Waste Management Rules, 2016 amended from time to time.
6. PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021.
7. PP to ensure to achieve minimum 5% energy saving by using non-conventional energy source.

B. SEIAA Conditions-

1. PP has provided mandatory RG area of 1523 m2 on mother earth without any construction. Local planning authority to ensure the compliance of the same.
2. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
3. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.

4. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA III dt.04.01.2019.
5. SEIAA after deliberation decided to grant EC for-FSI-25,891.00 m², Non FSI-32,139.76 m², total BUA-58,030.76 m². (Plan approval No-2068, dated-14.06.2024)

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle

shall be adequately covered to avoid spillage/leakages.

- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including

- selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
 - X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
 - XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in
 - XII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
 - XIII. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC& SEIAA.
- II. If applicable "Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to

assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.

- VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
